ABSTRACT

The invention relates to a noise suppressor unit for installing a common mode choke for a noise suppressor in a power source module onto a circuit board of the power source module, the module being arranged onto a circuit board of a plug-in unit. The noise suppressor unit includes a holder onto which the common mode choke for the noise suppressor of the power source module is arranged, at least one lifting element for an assembly head or the like of an automatic assembly machine for placing the noise suppressor unit onto the circuit board of the power source module with the automatic assembly machine or the like, and at least one surface mounting element for surface mounting the common mode choke for the noise suppressor onto the circuit board of the power source module.
